

## Help to ensure our future

### About Solve Disability Solutions

Solve Disability Solutions is a non-profit Victoria wide organisation whose technical volunteers make or modify equipment for people with disabilities whose need for physical independence cannot be met commercially.

We have successfully provided services to Victorians for over 30 years, completing projects in metropolitan and regional areas.

Over 600 projects are requested and completed each year in Victoria. See project examples on our website: [www.solve.org.au](http://www.solve.org.au)

### Our Funding

We receive funding from the Department of Human Services which only covers a portion of our work. For the remainder, we rely on private donors, community groups, businesses, trusts, volunteers and others who value our services.

### Our Future

Over the past few years, increasing demand for Solve Disability Solutions' services in both metropolitan and regional areas has led to an increase in running costs.

### What your donation means to us

Our ability to continue this vital work will be helped enormously by your donation.

- Every dollar donated to Solve Disability Solutions translates to \$5 in value to the community because of the organisation's use of a large, skilled voluntary workforce.
- A donation of \$25 per month will support two projects per annum.
- This means helping two people with disabilities to live more independently in their home and participate more fully in their community.
- Solve Disability Solutions will be able to expand their service further into regional areas of Victoria.
- Your generosity means the work of Solve Disability Solutions can continue for future generations.

Why not consider supporting several projects throughout the year by making regular payments via direct debit or credit card?

Donations \$2 and over are tax deductible.
